装帧:Hardcover

isbn:9780312304034

Claire Montrose discovers an engagement ring that had gone missing for fifty years. Did the young woman who owned it really commit suicide? One of Claire's elderly neighbors harbors an old secret-and will kill to keep it. Past and present grow more entangled when neo-Nazis seem to target Claire's Jewish roommate. Henry's trademark mix of quirky characters, humor, and vanity license plates also explores the persistent shadows of the past.
