Kitch was an ordinary witch's cat. But his beloved mistress, Willa, was no ordinary witch.... Toads made her tremble, nighttime made her nervous, and spiders made her jump out of her skin. Willa was a very twitchy witch, which could only spell trouble for Kitch. Willa's twitchiness has Kitch falling off a broomstick, covered with spots, and more. Poor Kitch! What's a cat to do? Kitch decides to run away, but he finds himself in trouble. Will the witch with a twitch be brave enough to save her dear cat?
