You can learn the most amazing things by simply using your face and hands (and a little help from this book). You see faces everyday but do you really look at them? Face reading helps you to analyse every feature, line and shape and work out what they say about your personality, relationships and future destiny. Hand reading, or palmistry, is another brilliant way to find out all about you and your friends and family. By looking at your whole hand, fingers and thumbs, and lines on your palms you'll see just how useful and informative hand reading can be in your everyday life. Face and Hand Reading shows you how you can change your life by discovering just how incredible and unique you are. It is part of our stunning new Mind Body Spirit series for teenage girls - Amazing You.
