Darkness, air, water, and sky will come together. . . Several moons have passed since six cats set out from the forest on an urgent journey to save all their Clans. Now those six are traveling home again, but on their way through the mountains, they meet a tribe of wild cats who seem to have their own set of warrior ancestors . . . and their own mysterious prophecy to fulfill. Stormfur can't understand their strange fascination with him, but he knows the danger they face is real. Meanwhile, back in the forest, Firestar's daughter Leafpaw watches ThunderClan's world crumble around her, as the humans' terrible machines destroy more and more of their home. Will the questing cats make it back in time to save the Clans, or will they be too late? . . . and shake the forest to its roots.
