Crisp, die-cut artwork and a spare, sprightly text lure readers on a playful exploration of opposites. Purr-fect!

What happens when Black meets White? They make polka dots ("That tickles!" Black giggles.), a checkerboard, stripes, wiggles, and more. And when Black and White come together, get ready for a big-eyed, whiskered surprise! With clever diecuts, flaps, and a final, satisfying tab, the mischievous BLACK MEETS WHITE proves that opposites can be attractive indeed.
