Nancy Elizabeth Wallace has done it again with her adorable three-dimensional artwork created with cut paper, scissors, and a glue stick. She invites children to enter an alphabet house and join a family of bunnies as they look for familiar objects starting with the letters A to Z. If they miss anything, an easy-to-follow answer key is provided at the back. An almost wordless text makes Alphabet House a great introduction to visual literacy, and the paper quilts on the endpapers add another colorful way to look at the alphabet.
