出版时间:2005-02-21

装帧:Hardcover

isbn:9780756609979

Showing what's inside the human body and how things fit and work together, the Human Body Encyclopedia is packed with fascinating facts and spectacular close-up photographs that make the subject accessible and fun. Covering every part of the body from major body systems to individual cells in language accessible to young

children, this book is an inspiring new edition to the First Reference series and a valuable teaching aid for parents and teachers.

书评

孩子到了这个年龄已经开始喜欢一些"real book", 就是照片加文字的百科全书类型。这本书希希4岁多的时候我从图书馆给他借来看, 他每天都会自己翻看, 也会问我很多问题, “为什么图里的血有红色和蓝色的?” 他以前饭前不喜欢洗手, 看到书中关于Germs的那个章节以后, 很自觉的开...
