Everyone knew the earl of Penhollow needed a wife, so one thunderous night the villagers gathered together to ask the ocean to deliver a bride to the bachelor lord. ... The Sea Brought Him A Wife When Pierce Kirrier, the handsome earl of Penhollow, rescued a mysterious beauty from the billowing ocean waves, he had no idea who she was--or where she came from. But at the first sight of this enchanting maiden, he had to claim her for his own. Taking her back to Penhollow Hall, he pampered her like a princess, determined to win her trust and her heart. But Her Past Could Take Her Away Nothing had prepared Eden to awaken in an elegant bedchamber in a remote corner of Cornwall. It was like living in a perfect dreamworld, where every wish came true. In Pierce's arms she found a love... and bliss...she never knew existed. But once her secret past caught up with her, those dreams could be shattered--forever.
