Glittering with mischief and perversity, Pushcart Prize?winner Jack Pendarvis's latest collection introduces readers to a world of losers poised on the brink of all sorts of disaster?a world only a wink and a nod away from our own. In the title novella a fundamentalist teenager must single-handedly confront the horrors of a spiritual quest filled with secular humanists, an apocalyptic folk artist, and a couple of movie stars. The other stories deal poignantly with ? among other things ? a young millionaire pretending to be a detective, Alabamians getting violent in a New York bar, the good folks who invented the diarrhea-inducing chewing gum, a man who becomes an impromptu drug mule, magnetic healers, and a candidate's unfortunate stump speech. Underlying each comedic gem and neurotic twist is an intelligence and empathy rarely found in modern satire. Like the best guidebooks, *Your Body Is Changing* will invite you in with its zany humor and indict you with its moving truths.
