What a great stocking stuffer: a behind-the-scenes peek at the days leading up to Christmas and 100 reusable stickers, too! The excitement's visible in every bright and happy picture, as Santa's comfy compound glows with lights, the elves busily finish

making and packing toys, and the reindeer prepare for their flight around the world. Kids can help them get ready by using the stickers to decorate, to fill up the workshop, to get the sleigh in the sky, and to deliver a gift to a good little girl or boy.
