Ghost busters, get ready—the quest is on! To become a ghost hunter, there’s no need for a high-tech lab, special uniform, or advanced degree: it just takes a little patience, passion, and this very special manual. The fantastic, phantasmic adventure begins here, with a full rundown of what ghosts are, what they look like, and how they behave. Find out the best places and times to meet a ghost; learn to distinguish between “residual” and “interactive” hauntings; and see how to document supernatural encounters.
