Counting sheep has never been so entertaining, thanks to one-of-a-kind art and a charming rhyming text. Tired Mommy and Daddy want Baby to sleep; but wide-awake Baby would rather play. Then Daddy has an idea: Counting sheep is lots of fun—soon you'll be asleep my son. But things don't work out quite as planned. The fluffy creatures lead the child on a whimsical journey where sheep strum guitars, ride in a jeep, and dance the night away.
