Abracadabra This colorful super book is like a magic wand that makes fun things happen. With nearly 300 pages worth of tricks, it will have budding magicians grabbing their coins, handkerchiefs, and other paraphernalia and showing off dazzling feats of illusion. Easy-to-follow instructions and generously sized illustrations make it a snap to present such impressive stunts as "Color Mystery"--where the performer correctly guesses the color off a crayon placed behind her back. Every trick comes with guidance on preparation, a list of equipment, detailed how-tos for each step, and ideas for making an awesome presentation.
