

Elements of Hypermedia Design

[Elements of Hypermedia Design](#) [下载链接1](#)

著者:Peter Gloor

出版者:Birkhäuser Boston

出版时间:1997-02-01

装帧:Paperback

isbn:9780817639112

This book addresses aspects of hypermedia publishing, conveying new ideas and

concepts on how to design usable hypermedia documents and information tools for the multimedia author. Based on practical experience, the book presents the most effective tools and techniques available, including Cybermap, overview map, path editor, Video-scheme, or techniques such as algorithm animation. 200 illus.
