This certification exam measures the ability to develop and implement Web-based applications with Web forms, ASP.NET, and the Microsoft .NET Framework. This exam counts as a core credit toward the new MCAD (Microsoft Certified Application Developer) certification as well as a core credit toward the existing MCSD .NET certification. Readers preparing for this exam find the best-selling Exam Cram 2 series to be the smartest, most efficient way to become certified. This book focuses exactly on what readers need to get certified now, featuring test-taking strategies, time-saving study tips, and a special Cram Sheet that includes tips, acronyms, and memory joggers that are not available anywhere else. Exam Cram 2 also features PrepLogicaA A Practice Tests!
