isbn:9780321115607

Master the essential day-in and day-out Photoshop production techniques with this definitive resource from bestselling authors David Blatner and Bruce Fraser. The authors place a dual emphasis on efficiency and getting the best quality possible out of Photoshop. Readers will learn all they need to know about color management,

getting great scans, tonal and color correction, prepress and the Web, and working with Photoshop selections and silhouettes. Real World Adobe Photoshop 7 is copiously illustrated with completely-revised screenshots and loaded with time-saving tips and shortcuts that will not only allow you to produce better results, but to do so faster than you ever thought possible.
