A historical novel set in 45 B.C. Damon's medical training under the Pharaoh's own physician didn't prepare him for his mother's last illness--or for the adventure that follows. Damon must travel from Alexandria all the way to Spain, where his father is fighting in Caesar's army, to deliver the news of his mother's death to the father he hardly knows. Soon the quiet, studious Damon and his best friend, the soldierly Artemas, are caught up in danger and intrigue--from shipwreck and shark attack to the political maneuverings of Cleopatra, Cicero, and Caesar. Fast-paced and suspenseful, this compelling historical novel combines page-turning excitement with a well-researched portrait of the ancient world. GLOSSARY.
