In Higgledy-Piggledy, the first of the Mabel's World series, Mabel finds her teacher delights in teaching all the silliest, tongue-tantalizing words in the English Language. Mabel cannot wait to share her first new word with her family, but when she does, they don't believe it is a word from the dictionary. But Mabel is feisty and won't accept their rebuffs. Read on to enjoy the higgledy-piggledy goings on
