Bobbie Kalman, author of the acclaimed Historic Communities and Early Settler Life series, explores the action and adventure that made the West famous. In the latter part of the 19th century, more than half a million pioneers headed west to carve out a

future on an unknown frontier. Some were drawn by the offer of cheap land and the promise of religious freedom while others had high hopes of finding gold. Thrilling, authentic photos and full-color illustrations recreate what life was really like for these cowboys, adventurers, and immigrants in this rough-and-ready era in our history. In the 1800s, cattle had to be herded to a cattle town before they could be shipped to their final destination. Life on the Trail features authentic photos of cowboys on the cattle trail in the 1800s and early 1900s as well as a map outlining the trails taken in both the United States and Canada. Children will learn about: -- the jobs of the cook, the trail boss, and the wrangler-- the dangers of stampedes and cow rustlers-- the hard work of bronco busting-- the challenge of the round-up-- cow lullabies and riding contests
