出版时间:2005-4

装帧:Pap

isbn:9780152052263

From Carolyn Haywood, author of the beloved Betsy series, here are four more classics for young readers. These adorable stories of childhood adventures are as fresh today as when they were written more than a half century ago. And now, thanks to dynamic new covers, they're ready to charm a whole new generation of readers. When Penny's parents decide to adopt Peter, the two new brothers decide to do everything they can to help their parents. From painting the bedroom blue, to going fishing or getting a sweet surprise, the boys get into twice as much trouble--but they also have twice the fun
