装帧:Paperback

isbn:9781568226682

Young children have the ability to create, view, interpret, and appreciate art. Art for the Very Young offers over 50 art activities for children to create art and learn about basic art concepts and techniques, such as line, shape, color, space, texture, form, and value.

Watch how your young learners acquire an appreciation and understanding of the featured artists and techniques they use
