出版时间:2014-10-30

装帧:Hardcover

isbn:9781846148477

When do police helicopters catch criminals? Which borough of London is the happiest? Is 'czesc' becoming a more common greeting than 'salaam'? Geographer James Cheshire and designer Oliver Uberti could tell you, but they'd rather show you. By combining millions of data points with stunning design, they investigate how flights stack over Heathrow, who lives longest, and where Londoners love to tweet. The result? One hundred portraits of an old city in a very new way.

作者介绍:

Dr James Cheshire is a geographer with a passion for London and big data. His award-winning maps have appeared in the Guardian and the Financial Times as well

as on his popular blog, Mapping London. James is currently a lecturer at University College London and a Fellow of the Royal Geographical Society. Oliver Uberti is a visual journalist, designer, and the recipient of many awards for his information graphics and art direction. From 2003 to 2012, he worked in the design department of National Geographic, most recently as Senior Design Editor. He has a design studio in Ann Arbor, Michigan.

## 评论

很有趣的一本书，印象比较深的是关于Liner view protect的介绍，配合图例让人很容易理解城市几个地标设计的用意和关系。

-----------------------------
地图与视觉设计很好的融合，很多有趣的分析主题，多角度看一个复杂的城市。可惜出版年份有些早了，数据略旧。

因吹斯汀

------------------------------

很后悔没有在伦敦的时候读完它，很有趣的角度，很可视化，看完有电波在激荡：回伦敦吧，回来呀
