isbn:9780140131673

A young Japanese seaman jumps ship off the coast of Georgia and washes ashore on a barrier island inhabited by a strange mix of rednecks, descendents of slaves, genteel retired people, and a colony of artists. The result is a sexy, savagely hilarious tragicomedy of thwarted expectations, mistaken identity, love, jealousy and betrayal. "An absolutely stunning work, full of brilliant cross-cultural insights".--The New York Times Book Review.
