isbn:9780750682572

"The Corporate Security Professional's Handbook on Terrorism" is a professional reference that clarifies the difference between terrorism against corporations and their assets, versus terrorism against government assets. It addresses the existing misconceptions regarding how terrorism does or does not affect corporations, and provides security professionals and business executives with a better understanding of how terrorism may impact them. Consisting three sections, Section I provides an explanation of what terrorism is, its history, who engages in it, and why. Section II focuses on helping the security professional develop and implement an effective anti-terrorism program in order to better protect the employees and assets of the corporation. Section III discusses the future as it relates to the likelihood of having to deal with terrorism. The book provides the reader with a practitioner's guide, augmented by a historical assessment of terrorism and its impact to corporations, enabling them to immediately put in place useful security processes and methods to protect their corporate interests against potential acts of terror. This is guide is an essential tool for preparing security professionals and company executives to operate in an increasingly hostile global business environment. It features case studies involving acts of terror perpetrated against corporate interests. It provides coverage of the growing business practice of outsourcing security. It remains practical and straightforward in offering strategies on physically securing premises, determining risk, protecting employees, and implementing emergency planning.
