Baby's first words will soon come tumbling out after reading this delightfully simple yet beautifully illustrated book. Each spread contains one page dedicated to a specific theme such as toys or bath in a large black and white photo. Objects relating to the theme are presented in eye-catching color, helping the baby identify the object. With tons of illustrations and words, this book combines the best of "First Books" on Family, Home, Body, Toys, Clothes, Animals and more. The perfect baby shower gift, Baby's First Words is sure to be a hit with parents and little ones alike.
