Ever since Indiana Jones proved theres gold (and adventure) in far away lands, the exciting hunts been on to find the treasures of lost civilizations. This book puts kids

right into the action looking for the hidden secrets and tombs of ancient Egyptians. Like our fabulous new Trailblazers title on dinosaurs, this creation (it doesnt seem appropriate to call it a mere book) is wildly entertaining with flaps to lift, photos, articles, a bejeweled cover, and a secret drawer full of tomb-hunting maps, charts, stickers, materials to make your own pyramids, and even an ancient game of Egyptian Senet. With comprehensive, fun, and informative writing and gorgeous illustrations, Tomb Hunters is an experience with the power to captivate today and inspire long term. The lost civilization of Egypt has never been as alive as presented in this fantastic volume.
