J.R.R. Tolkien's complete artwork for his magisterial novel, published on the sixtieth anniversary of *The Lord of the Rings*. As he wrote *The Lord of the Rings*, J.R.R. Tolkien's mental pictures often found expression in drawing, from rough sketches made within the manuscript to more finished illustrations. Only a few of these were meant for publication; most were aids to help Tolkien conceive his complex story and keep it consistent. Many do not illustrate the final text, but represent moments of creation, illuminating Tolkien's process of writing and design. In addition to pictorial sketches, numerous maps follow the development of the Shire and the larger landscape of Middle-earth, while inscriptions in runes and Elvish script, and "facsimile" leaves from

the burned and blood-stained Book of Mazarbul, support Tolkiens pose as an "editor" or "translator" of ancient records. The Art of The Lord of the Rings by J.R.R. Tolkien collects these drawings, inscriptions, maps, and plans in one deluxe volume. More than 180 images are included, all of them printed in color from high-quality scans and photographs, more than half not previously published. Wayne G. Hammond and Christina Scull, two of the worlds leading Tolkien scholars, have edited the book and provide an expert introduction and comments.

评论

这位绘图达人竟然没有在两次世界大战时被抓去制地图。。。对于我这样一个完全没有形象思维能力的人，LOTR远不如The Silmarillion好看的主要原因之一就是其中的景物描写实在是太多了。。。

虽然是圈钱书，但……不就是钱吗【take it, take it, take all of it.
