出版时间:2006-9

装帧:HRD

isbn:9780887767890

One Some Many by Marthe Jocelyn and Tom Slaughter is an excellent early introduction to numbers and to the principles of modern art. It is the perfect companion to 1 2 3, a counting book with a difference. Slaughter's bold,

Matisse-inspired paper cuts illustrate basic artistic elements, including color, form, and line, while the playful and inventive text introduces the concepts of quantity that children find most puzzling (and that adults have the most difficulty explaining!). After all, how many is many? Some? A few?

From the Hardcover edition.
