Horses have fascinated people for thousands of years. Kids are especially curious about these awesome animals, making them the perfect next topic in the popular Kids' FAQs™ series, based on real questions from real kids. In addition to providing basic information like habitat, diet, life cycle and history, these books delve into the more unusual--but equally important--questions, like "Do horses sleep standing up?," "Why do horses wear shoes?" and "What was the Pony Express?" Everything Horse is packed full of useful information and fun trivia. Parents and teachers agree, this series is perfect for budding scientists or simply curious kids.
