著者:Niall Richardson

出版者:Routledge

出版时间:2014-7-28

装帧:Hardcover

isbn:9780415696197

Consideration of the body as a subject for study has increased in recent years with new technologies, forms of modification, debates about obesity and issues of age being brought into focus by the media. Drawing on contemporary culture, *Body Studies: The Basics* introduces readers to the key concerns and debates surrounding the study of the sociological body, cutting across disciplines to cover topics which include:

Nature vs. Culture: how we ‘build’ and transform our bodies

Conformity and resistance in bodily practice

Issues of body image – beauty, diet, exercise and age

Sporting bodies and the pursuit of ideals

Enfreakment, disability and monstrosity

Cyborgs and virtual online bodies

With further reading signposted throughout, this accessible book is essential reading for anyone studying the body through the lens of sociology, cultural studies, sports studies, media studies and gender studies; and all those with an interest in how the physical body can be a social construct.

作者介绍:

Niall Richardson is Lecturer in Film, Media and Cultural Studies at the University of Sussex where he convenes the MA Gender and Media. He has written and edited numerous articles and books on issues of the body, including *Critical Readings in Bodybuilding* (2011) and *Transgressive Bodies: Representations in Film and Popular Culture* (2010).

Adam Locks is programme co-ordinator for Film and Television Studies and Media and Cultural Studies at University of Chichester. He is co-editor of the book *Critical Readings in Bodybuilding* (2011).
