Mind Fields was originally conceived as a collection of Jacek Yerka's paintings, but when Harlan Ellison was approached to write the introduction, he was so overcome that instead he penned a short story for each piece. The result of this synergistic melding of talents, Mind Fields shows two masters at their best. Each of the nearly three dozen stories in this volume is completely unlike any of the others, and together they contain a rich panoply of pathos, humor, and wonder. Produced in a beautiful cloth edition worthy of the art within, Mind Fields is a unique item and a must for any Ellison fan.
