In a remote Andean village, three men have disappeared. Peruvian Army corporal Lituma and his deputy Tomas have been dispatched to investigate, and to guard the town from the Shining Path guerrillas they assume are responsible. But the townspeople do not trust the officers, and they have their own ideas about what forces claimed the bodies of the missing men. To pass the time, and to cope with their homesickness, Tomas entertains Lituma nightly with the sensuous, surreal tale of his precarious love affair with a wayward prostitute. His stories are intermingled with the ongoing mystery of the missing men."Death in the Andes" is an atmospheric suspense story and a political allegory, a panoramic view of contemporary Peru from one of the world's great novelists.
