It's getting hot in here - a scorching foray into money, marriage and mayhem. The author of "Marry Your Baby Daddy" is back and pulling out all the stops in this steamy, sassy street novel about love, sex and everything in between. When Loletta marries NBA star Clarence Jackson, she thinks her life will be perfect. Jackson, on the other hand, thinks his wife will be perfect - as a trophy he can parade around at charity benefits and sponsorship balls. The ring on her finger entitles her to live in his house, but it sure as hell doesn't restrict him to one woman only, in sickness and in health forever and ever amen. For Clarence Jackson, one woman can never be enough. Determined not to lose him, Loletta invites his mistress, Sharmaine, into their bedroom. And when Clarence sees that his wife will do anything for him, he decides to rededicate himself to their marriage. But sexy Sharmaine refuses to be cast aside so easily - and Loletta announces what she finds out is an unwanted pregnancy. It's a nightmare just beginning - but feisty Loletta has a few surprises up her sleeve for everyone...
