Frightening, feral, and funny, Flinch is a fast-paced noir set amid the frenzied freak show of Southern California. Tabloid journalist Jimmy Gage and his plastic-surgeon brother, Jonathan, have long had a twisted and sometimes nearly fatal rivalry, but the ante was upped when Jonathan recently married Jimmy’s ex. So when Jimmy begins to suspect that Jonathan is the serial killer known as The Eggman, he’s neither surprised nor displeased. What ensues is this harried and hard-edged whodunnit that involves everything from petty porn stars to WWF wannabes to gut-wrenchingly gruesome gangsters and gang lords. Flinch is an intricately plotted whirlwind of a tale that will grip you until the very last page.
