Four best friends, one risky business, and a chance to say “I do” one more time. . .

With their fledgling business Second Chances facing its first big break, four best friends turned wedding consultants

face second chances—and challenges—of their own. For always-practical, always-predictable Elaine, it’s a time for a total makeover . . . but is the new “dream-her” really her? For Lily, the free-spirited, free-spending sprite, it was the chance to find the one thing missing from her life that not even money could buy. And while Sarah, the self-reliant artist, faces a crisis that proves just how much she needs her friends, ex-publicist Jo is tantalizingly closer to true love than she can ever possibly imagine.

Ex-husbands, computer dating, teenage kids—the world’s much different than when they first said “I do,” but one thing’s the same: they’re all hoping their second chance will be a charm.
