An all-new anthology of stories featuring THE ORIGINAL VAMPIRE HUNTER.

Bram Stoker's Dracula is one of the most famous novels in history. Both Dracula and Van Helsing have become icons: the vampire and the vampire hunter. Yet while the character of Dracula has been endlessly examined, Van Helsing is arguably one of the most well-known yet least explored characters in literature.

Now, Van Helsing gets his due as the stellar masters of horror and fantasy contribute their own unique take on the original vampire hunter.

The tentative list of original stories featured in this unique anthology include such authors as:

Elizabeth Hand
