出版时间:1998-2

装帧:Pap

isbn:9780941355193

Math is a phobia right up there with snakes, public speaking, and heights. But it doesn't have to be that way. Math: Facing an American Phobia humorously uncovers the reasons behind math's dreadful reputation and shows us how we can help prevent our own children from adopting similar phobic attitudes. The book is a must for both mathematical "haves" and "have-nots."
