This book explores the Eurasian borderlands as contested 'shatter zones' which have generated some of the world's most significant conflicts. Analyzing the struggles of Habsburg, Russian, Ottoman, Iranian and Qing empires, Alfred J. Rieber surveys the period from the rise of the great multicultural, conquest empires in the late medieval/early modern period to their collapse in the early twentieth century. He charts how these empires expanded along moving, military frontiers, competing with one another in war, diplomacy and cultural practices, while the subjugated peoples of the borderlands strove to maintain their cultures and to defend their autonomy. The gradual and fragmentary adaptation of Western constitutional ideas, military reforms, cultural practices and economic penetration began to undermine these ruling ideologies and institutions, leading to the collapse of all five empires in revolution and war within little more than a decade between 1911 and 1923.

作者介绍:

Alfred J. Rieber has been teaching and writing Russian and Soviet history for the past fifty years. A member of the original group of American exchange students to the Soviet Union in 1958-59 he has returned many times with the support of the Guggenheim, ACLS, National Endowment for the Humanities, National Council for Research in Eastern Europe Foundations and IREX. He has written ten books and fifty articles in scholarly books and journals. He was the recipient of the E.Harris Harbison Award of the Danforth Foundation as one of the ten best teachers in America in 1966. A collection of his essays supplemented by chapters written from fresh archival sources entitled "The Russian Imperial Project. Politics, Economic Development and Social Fragmentation" will be published next year by the University of Toronto Press. He is currently University Professor Emeritus at the Central European University in Budapest.

评论

书评人吐槽说这简直就是俄国的中亚史:(

Eurasia……

超级厚重好吗!

这个事儿的主题理论化程度太低了。

这本的巴尔干部分和加利西亚部分写的非常棒! 长久以来一直鲜有对一战爆发的“东部”原因(奥匈、巴尔干与俄国)的综合研究, 这本可以说是填补空白之作。在莫都讲授俄国政治史的老师对此书中关于帝国生存空间理论的建树评价非常高。
