An enchanting illustrated guide to owl species of the world.

In this beautiful and highly giftable art book, artist and ornithologist Matt Sewell captures 50 species of the world's most evocative bird: the owl. Using pop-art watercolors and accompanied by witty and irreverent descriptions, Sewell expresses the individual characters of owls as never before. From tiny elf owls to huge Eurasian eagle owls, from the haunting barn owl to the elegant great horned owl, these wise, magical birds are otherworldly in their striking colors and stature. It's not just birdwatchers who are obsessed: Owls are a perennial favorite in pop culture, decorating, and among children as well as nature lovers and serious birders. From David Sedaris's *Let's Explore Diabetes with Owls* to Harry Potter's pet Hedwig, and throwback interest in *Twin Peaks* (which is returning to TV in 2016) and its trademark spooky owls, these birds are here to stay.

去年五月，因为工作的不顺利，我们一家和姐姐一家一起去了灵岩寺，晚上住在山中。
清晨被鸟鸣声唤醒，走出门，细雨在飘，温和地撒在身上；山里的鸟儿们...
