

# The Sculpting Techniques Bible

[The Sculpting Techniques Bible\\_ 下载链接1](#)

著者:Brown, Claire Waite 编

出版者:Book Sales

出版时间:2006-9

装帧:HRD

isbn:9780785821427

This is a complete guide for sculpting in a wide range of media. Clear photographic

sequences show how to model with clay, plaster, and papier mache; select and use wood and stone for carving; make armatures and molds for building and casting. Discover how to use color and create a variety of surface effects and finishes. All tools and equipment are clearly explained and you find helpful advice on setting up a studio as well as essential information on safe working practices.
