Grey Gardens is based on the 1975 Albert and David Maysles film about Jacqueline Kennedy Onassis's eccentric aunt and cousin. The touching - and sometimes heart-wrenching - musical adaptation explores the dysfunctional relationship between former socialite Edith Bouvier Beale and her daughter, Little Edie, as they languish in a derelict East Hampton manor, Grey Gardens. Propelled by Christine Ebersole's tour-de-force performance, the gorgeous score, and intricate lyrics, the Broadway musical has garnered much critical praise. "An experience no passionate theatergoer should miss." - Ben Brantley, The New York Times
