isbn:9780816063406

Living in Ancient Rome primarily focuses on an "ideal" period set some time in the Imperium of Hadrian. This book examines all the aspects of daily life across all strata of Roman society, from the senatorial order to the plebs and slaves, from food to religious beliefs. Coverage includes the Roman family, the Roman calendar, Roman roads and water supply, and the importance of games and theater in everyday life.
