When it was first published in 1968, the critically acclaimed LOST NEW YORK became an instant classic for the way it reawakened a lost city. Now expanded and updated, with 118 new photographs, the book reveals a fresh, true picture of New York as it has lived and grown, with startling reminders of how much that has vanished remains part

of us. From the grandeur of the old Metropolitan Opera and Pennsylvania Station to the fabulous lost night clubs of 52nd Street and Harlem, from the opulence of the old Vanderbilt mansions to the Madison Square Garden rooftop where architect Stanford White was shot, this is both a unique testament to New York's past and a story of the vitality that makes the city continue to connect with us. Illustrated with rare and stunning photographs and marked by engaging, lively text, this new edition of LOST NEW YORK provides a unique and unforgettable look at the places in New York that are no more. Beyond that, it evokes the significant moments in time and memory that make us reflect on our passions about change and the reasons we remain concerned about the future of cities.
