Mike Black has it all: money, power, and everyone's respect. His violent rise to power earned him the name Vicious Black. Although he has everything he ever wanted, none of it seems to matter until he becomes enchanted with Cassandra Sims. To Cassandra, selling drugs is strictly business. When an attempt is made on her life, Mike has to rescue her and soon becomes her protector. On the trail of her attacker, their relationship develops with an intriguing journey through Washington, D.C., Miami Beach, and the Bahamas as the backdrop. The pursuit leads them back to New York City where all the pieces of the puzzle come together. Urban Books, a new line of books focusing on the drama and grit of inner-city life, featuring edgy, and exciting new voices-writers who tell it like it is.
