Jon Phillips is head bond trader at one of Wall Street's largest investment banks and lives the American dream in the heart of New York's decadent banking community. But, after years of selfishness and extravagance, he plans his exit through an unprecedented and ultimately fraudulent deal in the US government bond market. A high-ranking colleague, who sits on the bank's main board, has teamed up with a Russian financier in order to provide Jon an element vital to the success of his ingenious scheme. The deal goes spectacularly wrong and Jon's world collapses. As the Russians desperately attempt to recover their lost millions, Jon is thrown into a deadly game of cat and mouse. From the seedy nightspots of downtown NYC to

pastoral aristocratic England to Southern Australia's endless beaches, past lovers, new menaces, and apparently accidental deaths line his trail. Jon's survival now depends on putting the past behind him and becoming the calculated predator instead of vulnerable prey.
