Born into a comfortable Washington, D.C., home, Naomi leads a life that is only occasionally marred by racism. As a teenager in the 1960s, her biggest concern centers around virginity. But all that changes when her older brother, Joshua--who seems destined for greatness--is killed in a tragic car accident on his way to a civil rights demonstration. Now the rift between black and white America becomes much too personal, and Naomi embarks on a journey to honor her brother's legacy--and to find herself. From the author of "Sisters & Lovers".
