JOHN UPDIKE IS "A STYLIST OF THE HIGHEST ORDER, capable of illuminating the sublime in the mundane, thereby elevating all of human experience."--Chicago Tribune

Toward the End of Time "is the journal of a 66-year-old man, Ben Turnbull . . . [which] reveals not only the world but the wanderings of his wits. . . . So what if he jumps from a United States in the next century, disintegrating after a war with China, to ancient Egypt, or to virtual reality? So what if characters appear and disappear like phantoms in a dream? . . . Turnbull's journal is like Walden gone haywire. . . . If Ben's ruthlessness is evenhanded, so is his alarming intelligence; it falls on every scene, person, object, and thought in the book, giving it an eerie ambiance."

--The New York Times Book Review "A BOOK AIMED NOT TO RESOLVE BUT TO AROUSE A READER'S WONDER . . . Vintage Updike: marital angst worked out against the chilly backdrop of privilege, rendered with a lyricism and insight and eye for detail reminiscent of the work of Jane Austen."

--The Miami Herald "WONDERFUL RUSHES OF NEAR-MELVILLEAN PROSE . . . Toward the End of Time has a force that gets under your skin."

--New York Review of Books A Main Selection of the Book-of-the-Month Club
