Packed with all the outrageous shenanigans that quickly marked *Who in Hell is Wanda Fuca?* and *Cast in Stone* as two of the most original mysteries in years, G.M. Ford crafts a devilishly funny and bat-out-of-hell paced novel featuring his smart-aleck yet irrepressible Seattle-based p.i., Leo Waterman. Nobody loves you when you're down and out--except maybe Leo Waterman. As a man who has transformed a gaggle of residentially challenged devotees of cheap alcohol into a crack surveillance team, Leo has a soft spot for society's downtrodden. When a homeless woman says she's the mother of a deceased rock idol, Leo takes it upon himself to investigate the lady's claim, thereby embroiling the Boys, his dissolute deputies, and his own already bruised body in a high speed, life-threatening pursuit of the truth.
