著者:Kelly Hoppen

出版者:Conran

出版时间:2006-7-28

装帧:Paperback

isbn:9781840914580

This book reflects the new mood for luxury in simple things. Kelly Hoppen focuses on texture, and how to use it as effectively as possible in the home. Using fabrics, stone, glass and metal; textures are grouped together to create dramatic stunning effects. In Touch works on many levels- of inspiration, and of materials themselves, then how to decorate using these materials. There is also a comprehensive source directory, at the end of the book.
