LS3P has practised as a firm for over 40 years. The firm's work is as diverse as an architectural practice can be, but all of the work is finely detailed. The book records

hotels, club houses, corporate offices, schools, libraries and retail centres with drawings and colour photographs. Operating out of Charlotte, North Carolina, LS3P has gained a strong reputation as a regional firm in the US. The quality of its work will see its influence stretch beyond its home territory. The book features designs of urban retail and office complexes, multi-family barracks, dining and recreational facilities, educational facilities and buildings housing support services for the health industry.
